DOCTORS OF OPTOMETRY

KEVIN L. CROUCH, O.D.

I understand the benefits of the annual Optomap Retinal Exam as:

- Fast, easy, and comfortable
- A permanent record to compare and track potential eye diseases
- An in depth view of nearly the entire retina
- An educational tool for your doctor to discuss your health and wellness

I understand that a wide field view of the retina is an important part of a comprehensive eye exam.

(Please notify us if you have ever been diagnosed with ***epilepsy or a seizure disorder***, as the Optomap Retinal Exam is ***not*** recommended for patients with these or related conditions.)

Yes, I would like this procedure. I understand that I am responsible for the \$35.00 fee, as it is not typically covered by insurance.

No, I do not want this procedure at this time.
